

NEIGHBORHOOD MINISTRIES

March 2007

Dear Friends,

This is an amazing season for our ministry and your friendship gives us deep joy and confidence. You strengthen us.

You remember that we publicly kicked off the **Isaiah 58 Campaign** in November during our "Miracle on Fillmore" event. With fear and trembling we stepped out in faith and great conviction that the three-year, \$16M campaign is what God has next for our work. Finishing the development of The Neighborhood Center is His heart, we are convinced of this. The visibility of this part of our campus, on 19th Avenue and Van Buren, makes a statement about the heart of God for the poor in our city; not to mention the things that will take place on the property in the new developed buildings. We chose Isaiah 58:12 to define this season of development, *"You will be called...repairers of broken walls and restorers of streets where people live."* God's heart is visible in the heart of our broken city!

Last November, our dear friends from DFD produced the virtual drawings for the buildings on the remaining four acres of the campus, the vision to reclaim our current existing structures and take them into their next season of function and beauty.
